

WHEN INSURERS LIMIT MIGRAINE PATIENTS

PEOPLE LIVING WITH MIGRAINE DISEASE ARE **UNIQUE.**

They need treatment options to reflect that.

But health plan
“preferred drug lists” may
**COVER ONLY A
FEW, OR EVEN
JUST ONE,**
of the FDA-approved
migraine medications.

RESTRICTIONS ON TREATMENT OPTIONS

put health plans' preferences
above patients' needs.

WHEN INSURERS LIMIT
TREATMENT OPTIONS,
THEY **LIMIT PATIENTS**
AND PROVIDERS.
