

The Mental Health Treatment Disconnect

Over **51 MILLION AMERICANS** live with treatable mental health conditions.

Access barriers, stigma and other factors can **STOP PATIENTS FROM TAKING THEIR MEDICATION AS PRESCRIBED.**

Non-adherence impacts patients with:

Gaps in mental health treatment cost **\$300 BILLION EACH YEAR** in:

They also account for an estimated **125,000 DEATHS ANNUALLY**

Empowering patients to seek treatment will improve quality of life and reduce health care costs.
