

⚠️ THE DANGER OF PRIOR AUTHORIZATION for Rare Cancer Patients

With a rare cancer diagnosis,
every second counts.

But prior authorization can
**cause life-threatening
treatment delays**
for patients.

⚠️ **Patients lose precious
time waiting for
approval and appealing
insurance denials.**

Policymakers can help by:

Requiring a timely
response window
for insurers

Creating a
straightforward
appeals process

Insurance company
delays **shouldn't
stop timely care** for
rare cancer patients.
